Good afternoon,

You should see an additional \$916 in your paycheck tomorrow. We asked for this money to be disbursed now rather than in early December because we want to ensure that everyone receives a bonus for the outstanding work you have done during the pandemic. We know that we will not have Christmas bonuses because pending retirement payouts will be first drawn from our budget.

I am out this week, but will be back Monday, so if you have questions, feel free to come see me.

Have a wonderful long weekend!
